

Art 2 Honors • Summer Drawing Assignments

Due Friday, August 25th, 2017

Instructions:

Vincent VanGogh created the drawing of the chair to the left. Your job is to create a drawing of a chair that demonstrates your knowledge of contour lines, basic perspective and mark making. You will need to include the floor in your drawing. Shading should be created with marks - not blending. You may use pencil, pen, or markers. The size should not exceed 8 x 10 inches.

Instructions:

Select a farm animal or zoo animal as subject matter. Create a simple contour drawing of your subject. Complete the drawing by creating patterns on the various planes of the subject. Demonstrate your knowledge of directional shading and cross contours. You may use pencil, pen, markers, colored pencils, watercolors or a combination of materials. The size should not exceed 8 x 10 inches.

Art 2 Honors • Summer Photography Assignment

Spend some time taking photographs over the summer. The photos may be used for contest or you may need one to draw from. Subject matter may include pets, self portraits, photos of friends, landscapes, architecture, still lifes, animals, abstract images or something of your choice. It is a good idea for artists to have a selection of images to work from. Clear, crisp images make the best reference photographs. You will probably need one or two reference photos for drawing assignments
